

## Customer Speaks

### Superior Client Service

I really like the transparency involved in securing my family future. Post policy issuance, I received the application form along with the life insurance policy contract for my records and it really helped to revisit the features and advantages of the plan.

The Deutsche Bank team is always there to help me in case of any clarification I need for my insurance contract.

You can bank on Deutsche Bank for your long term insurance needs like I have!

A handwritten signature in white ink, appearing to read 'Alwan Sadagopan', is placed over the bottom left area of the page.
