The DB x ORRAA Ocean Conference 2022

Building an investment community to support the sustainable blue economy

#PositiveImpact

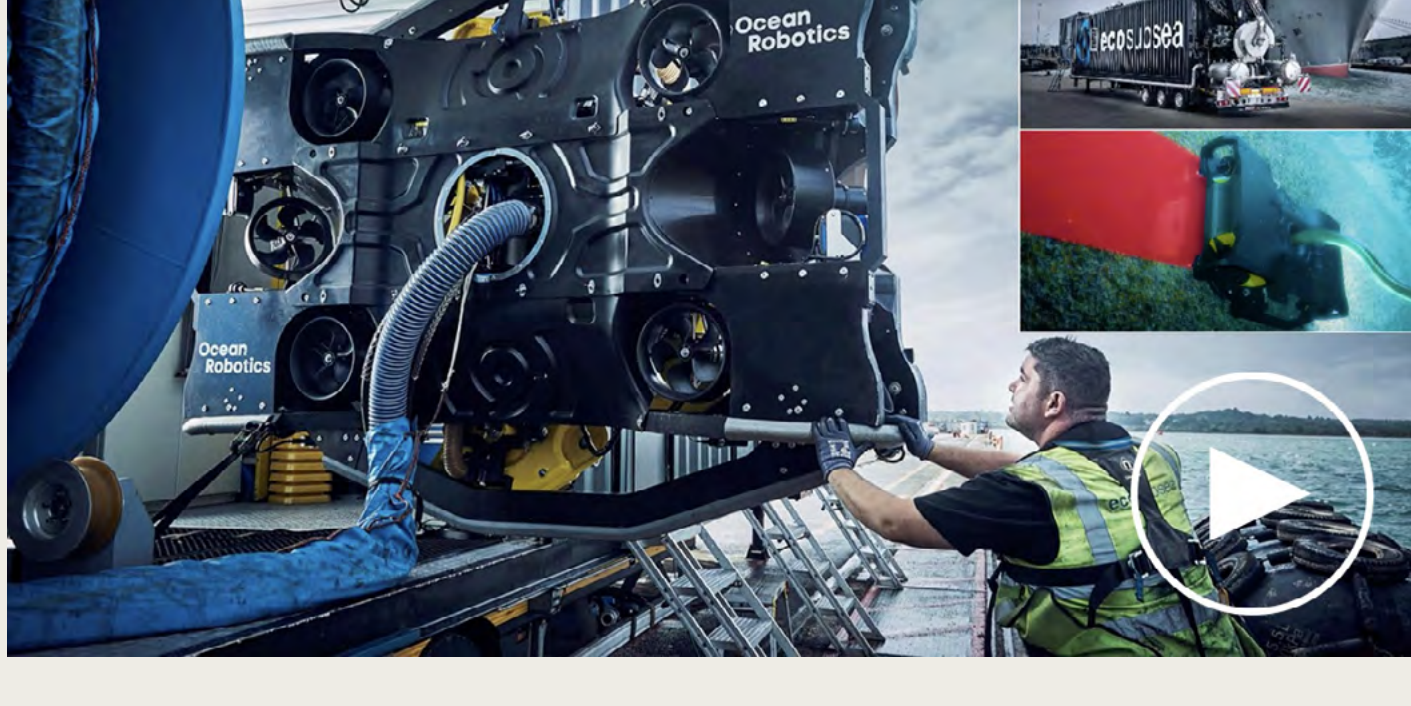

In September we welcomed some of the world's leading scientists, philanthropists, investors and ocean entrepreneurs to an exclusive event in Mallorca, Spain. This was our first conference co-hosted with ORRAA, the Ocean Risk and Resilience Action Alliance, and it was focused on action – setting out the opportunities and risks of participating in the Sustainable Blue Economy.

You can watch video replays of all the key sessions at the event by visiting our dedicated webpage [here](#). Or you can select one of the videos below to jump straight into a session of your choice.
