With effect from April 01, 2015: In line with RBI guidelines (RBI Circular no DBR.Dir.BC.No.47/13.03.00/2014-15), customers who have not maintained the required balance threshold for a quarter across both Assets Under Management (AUM) and Average Quarterly balances (AOB) would be sent an intimation of the same on their mobile number or email address or physical address as registered with the Bank, at the end of the cycle. The quarterly balances across both AUM AOB would then be reviewed post a month of the charge cycle, and in the event of non-maintenance again, service fee would be applied as a percentage of the shortfall observed in the actual AOB maintained from the required threshold of AOB or actual AUM maintained from the required threshold of AUM whichever is lower. It will be the responsibility of the customer to have a valid e-mail ID, mobile number and address updated with the Bank at all times, failing which, customer may not receive the notification(s).

For example, Calendar Quarter Q1 (January – February – March) Requirement: AUM Rs. 150,000 OR AOB Rs. 75,000 with a flat charge of Rs. 1,200 AUM / AOB will be checked for Q1 in April. In case client has not maintained the requisite balances, communication will be sent giving 1 month's notice i.e. April Post one month's period, AOB / AUM will be recalculated for February – March – April in May. In case client does not maintain either AUM or AOB i.e. AUM is Rs. 120,000 and AOB is Rs. 37,500, the shortfall for both AUM and AOB will be calculated i.e. $AUM \frac{120,000}{150,000} = 80\%$ i.e. shortfall of 20% and $AOB \frac{37,500}{75,000} = 50\%$ i.e. shortfall of 50%. Lower shortfall is observed in AUM i.e. 20% hence the charges will be levied basis the AUM shortfall i.e. Charge will be $Rs. 1,200 \times 20\% = Rs. 240$.
